<Hier Empfängeradresse einfügen>

Dear Sirs / Madam,

Our products do not contain substances in a concentration that lies above the limits laid down in the Electrical and Electronic Equipment Act §5 (ElektroG) pertaining to the forbidden substances in Article 4 of the EU-Guidelines 2002/95/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment - RoHS.

These regulations are upheld for all our products irrespective of whether our products fall under the application area of the law or not.

Should further forbidden substances be included in the guidelines in the future, we will of course react accordingly.

For all questions regarding RoHS please feel free to contact:

Dr. Werner Imrecke  
[imrecke@imrecke.de](mailto:imrecke@imrecke.de)

Best Regards,

Hans-Jürgen Schäde  
(IM, Qualitätsverantwortlicher)
